# PROTECT THE WORKING ENVIRONMENT ACT!

The Government's proposed amendments to the Working Environment Act will mean increased uncertainty and a less inclusive workplace. LO, Unio and YS represent 1.5 million workers. We say no to the Government's proposal:

- ▶ Increased use of temporary employment
- ▶ Longer workdays
- ▶ More compulsory overtime
- ▶ Sunday as a working day for more workers

Wednesday 28 January at 14.00 to 16.00 the members of LO, Unio and YS are going on political strike in a political protest against the government's proposals.

More information about the changes in the Working Environment Act and about the demonstrations on January 28 can be found at [www.mittarbeidsliv.no](http://www.mittarbeidsliv.no)
